

VP3 Neighborhood Liaison- Helen Hyatt

Helen retired to Asheville in 2013.

Prior to this Helen spent the last 20 years as a small business owner operating a large commercial embroidery company located in Buford Georgia.

Helen has been an active volunteer in the South French Broad Neighborhood where she revived the Neighborhood Association and has kept it active for the past 10 years.

The Neighborhood was effective in persuading the City to get a Duke substation to be located in a better location than at the gateway to the neighborhood and has worked with the City on many initiatives to improve the street from large tree planting work sessions, street clean ups, reducing crime and various neighborhood events.
